BOUNDLESS VISION, SINGULAR DEDICATION

It's a story that begins in 1873 with a vision that transformed a cast-iron water trough into a bathtub. And it's a spirit of ingenuity that propelled a small Wisconsin plumbing company into a global lifestyle brand.

Since our earliest days, Kohler Co. has been driven by innovative design and an uncompromising commitment to quality. Today the portfolio of incomparable Kohler brands leads the way in design, innovation, and craftsmanship. With smart, water-saving designs and advanced technologies, our products help bring beautiful, efficient structures to life. But it's our passion for partnership that's set us apart as a global leader.

ANN SACKS® CRACKLE COLLECTION TILE IN MAHOGANY

THE BEAUTY OF SUSTAINABILITY

In the natural world, waste doesn't exist. Every substance and material serves a purpose as part of a continuous life cycle. This idea shapes the work of the WasteLAB™ team, a core group of innovators who focus on new ways to reuse, rethink, and repurpose our waste streams—creating beautiful, thoughtful products.

The first of these products, the Crackle Collection, was launched in partnership with ANN SACKS. These handmade tiles transform recycled dry materials into a bespoke collection, as chic as it is sustainable.

SAFE WATER FOR ALL

At Kohler, water has always been central to our work. We have a keen understanding of its value—which drives our relentless commitment to ensuring everyone has access to this most precious and basic need.

Today one-third of the world's population lives without clean water, and we believe that's unacceptable. That's why we are using our water expertise and partnering with humanitarian organizations to help bring safe, clean water to communities everywhere—900,000 people impacted and counting. Our mission is simple but essential: Safe Water for All.

SINGITA KWITONDA LODGE, RUHENGERI

Nestled on the edge of Volcanoes National Park, Singita Kwitonda Lodge in Rwanda exemplifies sustainable luxury ecotourism. The property embraces its connection with the surrounding ecosystem, and the specified products are no exception. Materials and fixtures complement the work of local artisans, for a resulting impact that feels as authentic as it does upscale.

ONE HUDSON YARDS, NEW YORK

A state-of-the-art high-end apartment complex, One Hudson Yards is the ultimate in timeless residential design. The interior designer, Andre Kikoski, found in Kohler a partner whose grand design ideas paralleled his own boundary-pushing textural visions. With this spirit in mind, the bathrooms were outfitted with some of the finest KOHLER® and KALLISTA® products—including Verticyl™ bathroom sinks, Bellwether™ baths, and One™ accessories.

ROYCE HOTEL, MELBOURNE

Originally the home of the first Rolls-Royce showroom in Australia, the remodeled Royce Hotel is as singular as its namesake. The design beautifully preserves the heritage of the property, with art deco details highlighted throughout. Kohler partnered with the design team to expand this style inspiration to the bathroom fixtures, faucets, and accessories. By pairing specific combinations of Components faucets and handles, the spirit of the 1920s was given an unmistakably modern aesthetic. And a Polished Chrome finish provides a charming nod to the vehicles originally housed in the space.

WEMBLEY PARK, LONDON

A first for residential housing in the United Kingdom, Wembley Park is a massive mixed-use development with several moving parts. It needed a partner who could deliver next-level innovation and accessible planning, and work successfully with the specific needs of pod manufacturers. Kohler has signed on to provide the collaborative expertise required for an endeavor of this scale, which will ultimately lead to 55,000 KOHLER® products in the bathrooms and kitchens across the complex.

GLOBAL PRODUCTS PORTFOLIO

WITH A PRESENCE IN INSPIRING SPACES WORLDWIDE,
KOHLER® PRODUCTS ARE CHOSEN TO CONTRIBUTE TO
GRACIOUS EXPERIENCES AND TIMELESS ENVIRONMENTS
IN EVERY CULTURE, ON NEARLY EVERY CONTINENT.

INTELLIGENT TOILETS

CHOOSING A KOHLER® INTELLIGENT TOILET IS A DECLARATION THAT THE DETAILS MATTER, AND NEXT-LEVEL TECHNOLOGY AND INNOVATION MUST BE MATCHED WITH UNRIVALED DESIGN.

INTELLIGENT TOILETS

EIR™ INTELLIGENT TOILET

01_

LEADING WITH DESIGN

True beauty is found at the intersection of elegant design and thoughtfully integrated technology. KOHLER® intelligent toilets exemplify this philosophy. With smooth lines, soft curves, and sophisticated forms, they offer more than leading innovation. They make a stunning and inviting design statement in any bathroom environment.

EIR™

A high-performance flushing platform with advanced water technology for a comfortable personal cleansing experience.

02_

EXCEPTIONAL EXPERIENCES

All KOHLER intelligent toilets start with a focus on the people who use them. We understand that the end user's experience is what matters. So every design decision and technological addition is driven by a passion to craft the most remarkable and approachable human experience available.

INNATE™

An accessible model that integrates quality flushing performance and personal cleansing functionality into a versatile design.

03_

SMART PERSONALIZATION

Every technological consideration for a KOHLER® intelligent toilet centers on personalization and convenience. Remote operation allows users to select the settings that are best for them, including water temperature to spray pressure to seat warmth, and beyond. With every feature, the user is invited to fine tune their preferences and enjoy the most advanced toilet experience possible.

NUMI™ 2.0

Combines unmatched design and technology for a personalized cleansing experience.

KARING™

Welcoming serenity paired with the comfort and convenience of personal cleansing.

VEIL™

A bold, minimalist design featuring flowing, balanced curves that offers cleansing and comfort with the convenience of hands-free operation and automatic controls.

DIGITAL SHOWERING

KOHLER® DIGITAL SHOWERING IS DESIGNED TO MAKE AN IMPACT, DELIVERING TRANSFORMATIONAL TECHNOLOGY WITH A STREAMLINED AESTHETIC THAT COMPLEMENTS ANY PROJECT.

DTV MODE™ DIGITAL SHOWERING SYSTEM

DTV+™

Our most advanced showering system accommodating up to 12 outlets lets a user customize every spray, light, and speaker for a true multisensory experience.

DTV PROMPT™

A minimalist look with a digital display and one-touch operation for precise temperature control of two or three outlets.

DTV MODE™

The simple dial interface offers full temperature control of two outlets with push-button operation.

01_

CREATE A CLEAN LOOK

Every KOHLER® digital showering system is an opportunity to replace the clutter of multiple trims and handles with an elevated, clean look. So you can add modern shower technology to your specification while staying true to your design vision.

02_

PERSONALIZATION AT ANY LEVEL

Choose from three digital showering systems—DTV+™, DTV Prompt™, or DTV Mode™—each providing new levels of customization during a showering experience. Features include precise temperature control and outlet selection, all at the user's fingertips.

03_

ADD SIMPLE LUXURIES

DTV+ creates luxurious moments by combining water, steam, light, and music to fit any mood. The system gives users spa-like experiences in the shower and lets you design the unique showering configurations you envisioned.

KOHLER FINISHES

KOHLER OFFERS AN EXPANSIVE RANGE OF FAUCET AND ACCESSORY FINISHES, GIVING YOU INNUMERABLE WAYS TO CAPTURE YOUR PROJECT'S PERSONALITY AND EXPRESS YOUR DESIGN VISION.

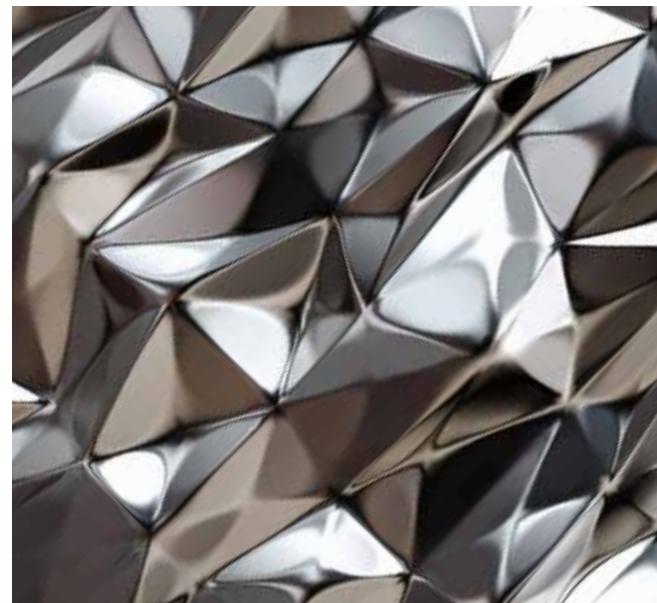

ADD THE FINISHING TOUCH

Enhance the spaces you create with the edgy dramatics of Matte Black, the warm elegance of Vibrant™ Rose Gold, the striking boldness of Vibrant Titanium, the classic aesthetic of Polished Chrome, and more.

It's an unrivaled beauty that lasts. Every one of our finishes exceeds the industry durability standards two times over and offers enhanced resistance against corrosion and scratches. So no matter what style you choose, you can be confident in your project's ability to stand the test of time.

CREATE WITH KOHLER

Building on our legacy of supporting the visual arts, Kohler developed the Create With Kohler program to provide architects and designers the opportunity to design one-of-a-kind sinks in collaboration with our industrial design and fabrication teams. It's your artistry paired with our technology for a remarkable lasting creation.

We believe the visual arts add beauty and meaning to our lives and that everyone should have the resources to express their creative vision in an artistic way. The Create With Kohler program brings that mission to life through our unique prototyping and production processes. Together we can make something genuinely special.
