

Welcome to KOHLER® where bold thinking and rigorous craftsmanship combine to bring innovative, beautiful design to life.

We're celebrating more than 147 years of setting the standard of excellence and pushing the limits of design. Whether we're creating kitchen and bath products, tile and furniture collections, engines and generators, or four-star resorts and championship golf courses, our work is born from a desire to design experiences that make the world more gracious.

After four generations, we remain a family-owned company. Bolder than ever.

# A HISTORY OF INNOVATION

1873

KOHLER<sub>®</sub> Co. is founded by John Micheal Kohler in Sheboygan Wisconsin.

Sterling Faucet

acquisition of

KOHLER<sub>®</sub> Co.

Co.: first

1883

An enameled castiron horse trough/ hog scalder is sold as a bathtub.

1st step in Europe with acquisition of Jacob Delafon,

1984

a leading French plumbing products company.

1986

1905

Walter J.Kohler is elected as company president.

KOHLER<sub>®</sub> Co. opens its first golf course.

1988

ЮП

KOHLER<sub>®</sub> Co. introduces the industry's first onepiece built-in-bath with an integral apron.

KOHLER<sub>®</sub> Co. expands European offices and distribution to

include Oer-Erkenschwick, Germany.

1999

KOHLER<sub>®</sub> Co. enters the Power Systems business.

1920

Mira, the leading shower manufacturer in the UK, becomes a KOHLER® company.

200I

1926

KOHLER<sub>®</sub> Co. opens a plant in Village of KOHLER to manufacture faucets and brass accessories.

KOHLER₀ celebrates the opening of its Dubai office

2004

#### 1927

KOHLER® Co. begins production at its new pottery building, capitalizing on a technological breakthrough, KOHLER® Co. offers Cast-Iron and Vitreous China plumbing products in matching pastel colors.

1937

Herbert V. Kohler, Sr., is elected President of KOHLER® Co. 1948

KOHLER<sub>®</sub> Co. begins producing and marketing small engines. 1965

Introduction of bathroom fixtures in "accent" colors, more vibrant than the pastels of the 1920's.

1967

New concept of boldly colored products under the tag line THE BOLD LOOK OF KOHLER<sub>®</sub>. 1972

Herbert V. Kohler, Jr., is elected Chairman of the Board and CEO.

KOHLER® sets up the first vitreous China plant in Jhagadia, India.

2007

The European warehouse opens in Passel, France.

2008

David Kohler is named President and Chief Operating Officer.

2009

The second KOHLER₀ plant in Jhagadia, Gujarat, India, is completed and begins manufacturing

2010

faucets.

KOHLER® celebrates the grand opening of its first office in Johannesburg, South Africa.

2014

David Kohler elected as President and Chief Executive Officer.

# clerestory CHASSIC WHITE | TRADITIONAL Created for a renovated city space, this traditional bathroom design honors classic historic architecture while prioritizing craftsmanship and comfort. To see more of this room, visit ideas.KOHLER.com/ClerestoryClassic KOHLER | 20

An eclectic curation of highly traditional and expressly contemporary design elements, the bathroom achieves a polished, airy balance. An appreciation for meticulous craftsmanship is evident throughout, from the patterned shower tile to the herringbone and paisley sinks, and from the leaded glass to the floor's faux quilt stitching.

# SLANT OF LIGHT

#### SMOKY | MODERN

Curves and concrete merge with wood and organic accents in a bathroom that's as high-tech as it is high-design.

To see more of this room, visit ideas.KOHLER.com/SlantOfLight

Supremely serene, the Slant of Light bathroom achieves its tranquil, spalike atmosphere using an open-concept layout, diffused light and a minimalistic color palette.

#### **DESIGN NOTES**

#### Room to Think

Today's bathrooms are used for much more than just bathing. They're a space for contemplation and finding inspiration as well.

#### **NOIR** | TRADITIONAL

A celebration of traditional design, this master bathroom captures the essence of timeless beauty. Through the alchemy of design, refined lines and an iconic palette combine to create a narrative of elegant sophistication.

To see more of this room, visit ideas.KOHLER.com/OnyxEmbellished

The matte black walls and ceiling are the anchor for this design, creating a cocoon that's lifted and lightened by fine lines and bright whites. Inset archival wallpaper depicts a delicate landscape of fauna and flora reaching skyward.

The Memoirs<sub>®</sub> collection, celebrating its 20th anniversary, brings the traditional lines of wood wall trim and panels to bear on fixture and faucet design. New additions to the collection, in the form of a console table and freestanding bath, feature a refined, almost delicate, expression of these classic details.

#### DESIGN NOTES

#### **Artistic Archives**

Today's wall coverings are so much more. Storied landscapes, textured patterns, nonrepeating murals—it's truly wall art.

#### PALE | MODERN

A bathroom that captures the light and luminescent feeling of breaking dawn comes to life using a sunrise-inspired color palette, soothing marble surfaces and an open-concept shower designed with room to breathe and engineered to reconnect you with Mother Nature.

To see more of this room, visit ideas.KOHLER.com/MistyMinimalism

An open-concept shower takes center stage in this bathroom design, giving it a showcase presence while also allowing sunlight to fill the entire space. Tile in shades of champagne play with walls and windows in blush to give this bathroom an inviting glow.

# **TOILETS**

#### Never Compromise on Performance

Performance means reliable power without wasting water.

#### Better Flush. Cleaner Bowl.

It's no secret that a better flush gives you a cleaner bowl, which is why we never compromise when it comes to flushing power or bowl cleanliness. Our "never compromise" attitude has resulted in our most perfect flush yet: Revolution 360<sub>™</sub> swirl flushing technology. Our Revolution 360 swirling flush sends 360 degrees of water through the bowl for complete coverage that leaves nothing behind.

#### Kick Your Plunger to the Curb.

The driving force behind our powerful flushing is the AquaPiston<sub>®</sub> engine. AquaPiston is a canister flush valve that allows water to flow into the bowl from all sides, as opposed to the restricted entry of a traditional flapper, increasing the power and effectiveness of the flush. In short, AquaPiston packs a powerful punch to eliminate clogs without wasting water.

#### Wipe Out Dirt.

The base of the toilet can be the hardest area to clean, so our clever designers created toilets with smooth bases. Eliminating the nooks and crannies of a traditional toilet gives dirt fewer places to hide, and it makes our toilets incredibly easy to wipe down and keep clean.

#### Saving Water is for the Birds.

And fish. And animals. And people. And the future. We work toward balancing the right amount of water with the perfect amount of power for a water-efficient flush that packs a serious punch.

### TOILET GUIDE

#### **TOILET TYPES**

#### Intelligent

Offering superior comfort and cleaning, intelligent toilets simply deliver a better experience, top to bottom. From heated seats and warm-water cleansing to automated flushing and more, our intelligent toilets help redefine one of life's most basic rituals.

#### Leading-Edge Design

Intelligent toilets feature an innovative tankless design that makes a stunning style statement.

#### **Dynamic Cleansing**

A warm-water wand, precision air dryer and a deodorizing filter provide personalized cleansing.

#### **Personalized Comfort**

Temperature, cleansing settings and more can be controlled with an intuitive touch-screen remote.

#### Wall-Hung

Ideal for bathrooms with a limited footprint, wall-hung toilets feature a sleek, easy-to-clean design. With a hidden in-wall tank, only the bowl and flush plate are mounted to the wall, resulting in a streamlined profile that simplifies cleaning and saves up to 30 cm of space over standard floor-mount toilets.

#### One-Piece

One-piece toilets are crafted from one single piece of ceramic, so the bowl and tank are integrated. This eliminates the seam between the bowl and tank, which means the toilet is easier to keep clean. Available with a concealed or skirted trapway, each one-piece also comes with the seat included.

#### Two-Piece

This is the most common type of toilet, and it offers great value. A separate tank and bowl are assembled together. Bowls are also available with concealed or skirted trapways and seats are sold separately.

#### **TOILET LENGTHS**

#### Elongated Bowl

- Fits most residential spaces
- Provides added room and comfort for seating

#### Compact Elongated Bowl

- Fits the elongated bowl into a round-front toilet footprint
- Saves up to 10 percent more space than an elongated bowl
- Offers added room and comfort for seating compared to a round-front toilet

#### Round-Front Bowl

- Requires less space
- A good solution for small spaces

#### **SEAT HEIGHTS**

#### Standard Height

- Traditional-height toilets are ideal for small statures
- Low-profile models are perfect for small spaces

#### Comfort Height<sub>®</sub>

- Sit at chair height—approximately two inches higher than standard-height toilets
- Makes standing and sitting easier
- Many are ADA-compliant when installed per applicable guidelines

#### Custom Height

- Wall-hung toilets can be positioned at a custom height from 39 cm to 45 cm to accommodate a range of statures
- Raised bowl allows cleaning underneath

## TOILET GUIDE

#### TRAPWAY STYLES

#### Skirted Trapway

Offers an easy-to-clean smooth surface from front to back

#### ReadyLock™

We make it easy to enjoy the clean design of a skirted toilet. Our innovative, patented installation system doesn't require drilling, caulk or special tools, and it offers a secure installation.

#### Concealed Trapway

Features a smooth trapway surface that's easy to wipe clean.

#### Clean Caps<sub>®</sub>

Clean Caps low-profile toilet floor bolts and caps are nearly flat to the base making it easier to clean even the hardest to reach areas of the toilet. They are standard on all concealed trapway toilets.

#### Exposed Trapway

Traditionally designed, exposed trapways can be seen from the side of the toilet.

#### **Bolt Caps**

Exposed trapway toilets are fitted with standard caps to cover the bolts that attach the toilet to the floor.

#### **FLUSH TYPES**

#### Single-Flush

- The AquaPiston<sub>®</sub> flush engine flushes over 1 kg of bulk waste—4x more than is needed for the average adult—to eliminate clogs
- Most single-flush toilets save water by using only 4.8 litres of water per flush
- Revolution 360™ flushes to keep your bowl cleaner 2x longer than a conventional flush

#### Dual-Flush

- Buttons or levers offer the choice between a half or full flush
- Saves water by using as little as 2.3 litres of water for a light flush and up to 6.0 litres for a full flush

#### **BOLD PERFORMANCE**

#### Packed Into a Powerful 3.8-Litre Flush

The new, ultra-high-efficient Highline<sub>®</sub> toilet combines style and function with a water-conserving 3.8-litre flush in a clean design.

The 3.8-litre flush exceeds MaP (Maximum Performance) requirements for removing solid waste in a single flush, and it reduces water use by more than 35 percent\* over 6.0-litre toilets. That means water savings of more than 17,000 litres of water per toilet, per year.

#### **COLORS**

KOHLER<sub>®</sub> toilets are available in an array of colors. See availability online.

#### OTHER CONSIDERATIONS

#### Rough-In

Most bathrooms have a standard 30 cm rough-in (the measurement between the wall and outlet pipe). We also offer 25 cm and 36 cm options.

#### $CleanCoat_{\scriptscriptstyle{\mathsf{TM}}}$

Helps prevent nasty things like bacteria and mildew from sticking, so your toilet stays cleaner longer.

#### WaterSense<sub>®</sub>-Labeled Toilets

WaterSense toilets meet strict EPA flushing guidelines, including using at least 20 percent less water than 6.0-litre toilets. Look for the WaterSense label as you shop.

## INTELLIGENT TOILETS

Once you experience an intelligent toilet, you'll wonder how you ever lived without one. A warm seat relaxes you, a soft spray cleanses you, a gentle breeze dries you. And you feel a cleaner kind of clean. It's a must-have for the modern spa bathroom experience. Every KOHLER® intelligent toilet includes:

- Motion-activated, hands-free opening and closing of cover and an automatic flush
- Advanced cleansing functionality with self-cleaning wand, precision air dryer and deodorizing filter
- Touch-screen remote control with wall-mount docking station
- Warm-air drying system with adjustable temperature settings and heated seat
- One-piece tankless design
- LED lighting to illuminate the bowl and conveniently serve as a nightlight

# IN-WALL TANK SYSTEM

#### Security and reliability

A wall-hung toilet with an in-wall tank is a great way to save bathroom space. There's no need to be concerned about leaks because you can put your complete trust in KOHLER in-wall tanks and wall-hung toilets.

Our 3.0/6.0L flush volume adjustable to 2.0/4.0L in-wall tanks are made with precision injection-molding technology and excellent anti-corrosion techniques, with a complete guarantee

- · With an extensible cable, the faceplate can be positioned anywhere (up to 4 meters away).
- · Precise injection molding technology ensures an evenly thick wall with less than 0.1mm tolerance, effectively avoiding the risk of tank fracture.
- · Tank's metal components are coated using Dacromet<sub>™</sub> anti-corrosion technology, giving much better protection against rust than traditional electro-galvanized treatments.

## UNIQUE FACEPLATES

A wide range of designs and colors offer unique charm for any bathroom.

A pneumatic faceplate provides an incredibly soft, push feeling, with a slow, silent rebound.

Pair it with a Vibrant PVD finish for a gleaming modern style as well as highly durable quality.

## TOILET SEATS

We design toilet seats with the same thoughtful care and innovative drive we put into all of our products—always with the aim to make your experience more comfortable and your home more beautiful. From guiding you in the night to providing warm-water cleansing, our toilet seats bring smart solutions to the bathroom.

#### Smart

Our smart seats go well beyond the standard toilet seat in bringing comfort and cleanliness to your experience. Personal cleansing and deodorizing features give you added confidence throughout the day, while LED lights keep you safe at night.

#### Quick & Quiet

Unique installation features make KOHLER® toilet seats fast and easy to install the first time and each time you want to remove and reinstall the seat for thorough cleaning. And we know how frustrating slamming seats can be so we've designed a slam-proof feature as well.

#### Secure

We design our seats to fit you and your family comfortably and to fit the toilet securely. So whether it's rubber bumpers to grip the bowl tightly or a seat that's designed for both adults and children, we have you covered.

### TOILET SEATS GUIDE

#### **SMART SEATS**

All KOHLER<sub>®</sub> toilet seats are ergonomically designed to provide comfort and style. Our smart seats offer a range of additional features, from deodorizing options to enhanced personal hygiene, depending on the model.

#### Cleansing

Toilet seats with personal cleansing functionality feature naturally soothing water as a refreshing alternative to toilet paper alone.

Purefresh<sub>®</sub>

A carbon filter, intuitive fan and scent pack located in the seat's hinge neutralize bathroom odors while filling your room with a light, fresh scent.

Nightlight

Featuring two LED lights, lighted toilet seats help guide you to your toilet in the dark and illuminate the bowl when the lid is lifted.

#### **CONVENIENT FEATURES**

Quiet-Close™ Technology

Prevents lid and seat from slamming

Quick-Release™ Hinges

Let you easily remove the seat for a thorough cleaning

Quick-Attach<sub>®</sub> Hardware

Speeds seat installation

Grip-Tight Rubber Bumpers

Keep the seat from shifting

### **SEAT SHAPES**

#### **Elongated**

- Fits elongated and compact elongated toilets
- Provides added room and comfort for adults

#### Round-Front

- Requires less space
- A comfortable solution for children or small statures

### **COLORS**

Most KOHLER $_{\odot}$  toilet seats are available in the following ten colors. Our seats and toilets are perfectly color-matched to provide a seamless look.

White

Dune (NY)

Biscuit (96)

Almond (47)

Ice<sub>™</sub> Grey (95)

Sandbar (G9)

Cashmere<sub>™</sub> (K4)

Thunder<sub>™</sub> Grey (58)

Black Black™ (7)

## C<sup>3</sup> Intelligent Toilet Seats

#### Cleaning pioneer gives personal care.

Cleanliness, Comfort, Convenience — these design properties of the KOHLER C³ toilet seat bring a safe and reliable personal experience to every user. A warm seat gives you a comfortable experience every time you sit on it. A soothing water flow takes good care of the most private parts of your body. Start a brand-new lifestyle by selecting the 3 C's for your bathroom.

#### Clean

#### Wand Sanitization

The ultraviolet disinfection system can effectively eliminate 99.9% of bacteria\* on the wand, ensuring the cleanliness of the nozzle. This system can intelligently identify the bacteria peak time based on user habit, convenient and safe.

\*In a 45-minute test by authority of sanitization of the wand against Escherichia coli, Staphylococcus aureus, Pseudomonas aeruginosa, and Bacillus subtilis, the disinfection rate is >99.9%.

#### Comfort

#### Quick Heating System

With a continuous supply of heated water, you can enjoy a comfortable warm wash with each use. Bacteria growth is effectively reduced as fresh water is heated on demand rather than being heated and stored in advance.

#### Convenience

#### Ergonomical Side Panel

With Kohler's unique one-piece side panel design, the control panel is lifted together with the toilet seat, effectively preventing urine splashes on the toilet seat and control panel. The design allows you to use it easily without turning around.

·Front wash

·Anti-bacterial seat

·Self-cleaning nozzle

·Rear wash

## BIDETS

KOHLER bidets offer convenient localized washing to cleanse and refresh.

Requiring less than one square meter of space, they are offered with horizontal or vertical spray options. KOHLER bidets have been designed to complement one or more styles of KOHLER toilets for a unified aesthetic look.

100 Wall-Hung Bidets

102 Floor-Standing Bidets

## WALL-HUNG BIDETS

Mounted onto the wall using an in-wall frame, these bidets help create the illusion of space. The frame needs to be purchased separately.

# SINKS

Traditional to contemporary, pedestal to under-mount, ceramic to glass, and White to Bluestone Rutile—our sinks are a perfect fit in any bathroom. Whether you're building or remodeling, with Kohler it's easy to find unique design solutions that are right for you. Our sinks are easy to install, crafted from the finest materials and available in a range of colors that invite you to personalize your space

116	Artist Editions		
160	Under-counter Sinks		
164	Drop-in Sinks		
168	Vanity Top		
172	Above-Counter Sinks		
178	Wall-Hung and Pedestal Sinks		

# ARTIST EDITIONS SINKS

Our experience of the world is shaped by the things we encounter every day. The juice glasses we use every morning to the sideboard that holds our table linens, the objects we choose for our homes reflect who we are and narrate the rhythm and texture of our lives. Balancing artistry and craftsmanship with utility, Artist Editions products invite you to celebrate beauty and creativity each day.

# MATERIALS & COLORS

#### Glass

Artist Editions glass sink are handcrafted in our glass studio in Kohler, Wisconsin, and available in a variety of opaque and translucent colors. Color options vary by sink model.

### Vitreous China

Vitreous China sinks are fired to be highly durable and easy to clean. Colors match perfectly across all bathroom fixtures, whether vitreous china or enameled cast iron.

Black Black™ (7)

### Enameled Cast Iron

No other material offers the character and craftsmanship of KOHLER enameled cast iron. Built to last for generations, it makes an enduring statement of beauty in your home with strength, style and soul. Visit KOHLER.com/Warranty for full warranty details.

Antilia
Wading Pool glass sink
K-2369-B11

# Antilia Wading Pool

The legendary island Antilia was said to have been discovered – in the Atlantic Ocean off the coast of Portugal – by people fleeing Hispania in 734. Today, cartographers know no such island exists, but its intrigue remains. By bestowing this name on the Antilia Wading Pool sink, Kohler celebrates the sense of allure found throughout nature. Slightly curved edges and a subtle, rippled texture convey both the substantial force of nature and its shifting fluidity.

**Briolette**Faceted glass sink
K-2373-B11/TG1/TG2 /TG3/TG6/TG7/TG8

### **Briolette**

From its roots in ancient India to its discovery by European royals, the briolette – an oval or pear-shaped gemstone cut in triangular facets – remains one of the most distinctive gemstone cuts. Its popularity reemerged during the Victorian era and the Art Deco period, and today the Briolette Vessels glass sink builds on the tradition. With its uniquely faceted shape, Briolette creates a striking, reflective effect with delicately textured glass.

# Kallos Wading Pool glass sink, ice K-2361-B11/TG1/TG2 /TG3/TG6/TG7/TG8

### Kallos

Named for the Greek word meaning beauty or grace, the Kallos sink draws on the rich tradition of ancient artistry. Its detailed architectural pattern recalls the coffered dome of Rome's ancient Pantheon, delicately expressed in spun glass. The fine-cut glass design conceals items stored beneath the sink, while reflecting light and color in captivating patterns.

Lavinia
Vessel glass sink
K-2367-B11

### Lavinia

Artisans have used glass for more than five millennia, and today this material remains an essential element in our homes and our art. The Lavinia Vessels spun glass sink marries form and function to celebrate this time-honored craft, capturing the raw perfection of nature. Its organic funnel shape and slender, refined walls provide a showcase for the interplay of light and water.

Pallene Vessel glass sink K-14016-B11

### Pallene

Named for one of the seven beautiful daughters of the giant Alkyoneus in Greek mythology, the Pallene Vessels sink displays an intricate, classically inspired pattern embossed on its exterior. The smooth surface of the sink's interior lets water flow gracefully over this fine detailing for a strong visual appeal.

*Spun*Glass Vessel sink
K-2276-B11

# Spun

Harkening back to long-ago mornings when a splash of cold water from the washbasin was enough to awaken anyone, the Spun Glass Vessels sink blends nostalgic charm with practicality and style. Its translucent, soda lime glass provides a unique, handcrafted look as inviting as a calm, clear pond.

Inia Wading Pool
Glass rectangular vessel
sink in opaque dew
K-2773-G2-B11

### Inia

Made by American craftsmen using stunning pressed glass construction, the Inia Wading Pool sink creates a soothing focal point in any bathroom or powder room. Its deep, generously sized basin helps minimize splashing, and the glass surface cleans up easily. The subtle hammered texture helps to conceal vanity items and fixtures from view.

Empress Bouquet
On Conical Bell vessel sink
K-14223-SMC-0

Empress Bouquet
On Kathryn under-mount sink
K-14275-SMC-0

Empress Bouquet on Vintage under-mount sink K-14273-SMC-0

### Empress Bouquet

The first people to develop printmaking, the Chinese have produced exceptional woodblock prints since the 9th century. Offering a modern interpretation of 18th-century Chinese print work, Empress Bouquet builds on this rich artistry with its floral motif and brilliant gold and metallic detailing. Each sink showcases a slightly different variation on the pattern, creating a one-of-a-kind piece.

Laureate
One-Piece Toilet in Polished
Platinum on White - Deluxe
K-99178T-PD-0

### Laureate

The rich, warm glow of Polished Gold. The bright, reflective glint of Polished Platinum. With your choice of finishes, courtly Laureate brings refined elegance to the bathroom. Laureate combines acanthus leaves with a metalwork style used by the Ottoman Turks throughout the 18th century in embossed fabrics and as an architectural detail. Here the garland floral texture and white china create an eye-catching juxtaposition.

Flight of Fancy
With gold accents on Caxton
under-mount sink
K-14218-FG-0

# Flight of Fancy

Refined craftsmanship and intricate china patterns have held a place of honor in the dining room for centuries. Kohler brings this graceful look to the bathroom with Flight of Fancy. Featuring intricate, raised-enamel floral detailing framed by thin bands of rich gold or platinum, Flight of Fancy makes a stunning formal statement.

Mille Fleurs
On Caxton under-mount sink
K-14218-T9-47

Mille Fleurs
On Conical Bell
vessel sink
K-14223-T9-47

### Mille Fleurs

Inspired by old-world folk art, especially embroidery, rosemaling and tapestries, Mille Fleurs brings us back to a time when wares were crafted by hand – and meant to be both well used and treasured. With its blossom-laden branches and birds of flight, Mille Fleurs brings an understated elegance to the bathroom. Genuine platinum and gold accent the design, which covers the entire surface, lending a sense of luxury.

Marrakesh
On Camber under-mount sink
K-14046-BU-96

Marrakesh
On vitreous china vanity-top with single faucet hole
K-14031-BU-96

### Marrakesh

Named for the ancient capital of Morocco, the Marrakesh design was inspired by Moorish architecture. Marrakesh, the city, once served as a stop along a major trade route to the famous Timbuktu. The Marrakesh countertop draws inspiration from mosaics found in quaint Moroccan courtyards, while the intricate and abstract floral pattern embellishing the sink is inspired by artwork found in mosques.

Caravan Persia
On Conical Bell vessel
sink
K-14223-SR2-0

On Caxton under-mount sink
K-14218-SR2-0

### Caravan Persia

Influenced by one of the oldest continuous civilizations, the Caravan Persia design reflects a rich tradition of culture and art. An eye-catching classic, Caravan Persia offers a fresh interpretation of Middle Eastern and Indian design traditions, drawing inspiration from decorative architecture and Moorish style. Organic, open line work contrasted with geometric patterns creates a unique juxtaposition and richness with gold and platinum micas. The white background creates an effective canvas for the pattern while offering ease of coordination with other fixtures in the space.

Caravan Nepal
On Caxton under-mount
sink
K-14218-SR1-K7

Caravan Nepal
On Conical Bell vessel
sink
K-14223-SR1-K7

### ${\it Caravan\,Nepal}$

With a calming, translucent blue base and a contemplative pattern, the Caravan Nepal design transforms daily routines into moments of reflection. Inspired by East Indian traditions, it draws upon henna ceremonies and textile techniques. With delicate detailing and soft shifts in hue and finish, Caravan Nepal is ideal for the person desiring a peaceful escape.

Imperial Blue
On Conical Bell vessel
sink
K-14223-VB-0

### $Imperial\,Blue$

With intricate detail, a serpentine dragon encircles the bowl of this sink, tail in hand to form a curvaceous loop. Typical of the Yongle reign of the Ming dynasty but later copied by imperial artisans, the blue-and-white floral pattern and dragon portray traditional strength and wisdom. Imperial Blue draws inspiration from a porcelain vase created during this period.

Botanical Study Study on Caxton under-mount sink K-14218-BT-0

Botanical Study Study on Conical Bell vessel sink K-14223-BT-0

# **Botanical Study**

The crisp lines of a leaf. The soft blossom of a flower. Botany has captivated artisans around the world since the earliest times. Botanical Study draws on the rich tradition of botanical art, including the 16th-century Turkish floral designs that graced pottery, rugs and henna body art and 17th-and 18th-century European botanical studies. Intricate graphite tulips and chrysanthemums gently entwine as a butterfly flutters nearby, presenting a graceful portrayal of nature.

**Prairie Flowers**On Cantata drop-in sink
K-14271-WF-96

# Prairie Flowers

"Our ability to perceive quality in nature begins, as in art, with the pretty. It expands through successive stages of the beautiful to values as yet uncaptured by the language." This quote from early 20th-century naturalist Aldo Leopold adorns the Prairie Flowers collection, transporting you to an untouched prairie where grass reaches high and flowers bloom with abandon. Prairie Flowers draws design inspiration from 18th-century dinnerware crafted for Catherine the Great of Russia.

Gilded Meadow
With gold accents on Conical Bell vessel sink
K-45922-DE-K5

Gilded Meadow
With platinum accents
on Conical Bell
K-45922-DF-K7

# Gilded Meadow

Inspired by landscape watercolors, the carved floral pattern and precious-metal accents of Gilded Meadow create a textured, harmonious look. The dramatic conical shape and distinctive design add sophisticated beauty while the neutral palette blends seamlessly with any décor. This vessel-style sink is an elegant focal point in both traditional and modern spaces.

Dutchmaster
In Midnight Floral on Carillon
Rectangle Wading Pool vessel
sink
K-30334-DM2-0

# Dutchmaster

The Dutchmaster collection captures the movement and lush beauty of flowers, bringing bold artistic photography to the lavatory. Kohler collaborated with "florography" artist. Ashley Woodson Bailey to create this exquisite floral composition. Inspired by the Dutchmaster painters of the 17th century, the glorious pattern is a bloom with hellebores, fritillaries, ranunculus and sweet pea, dramatically luminescent on a dark backdrop in the style of chiaroscuro painting. Rendered on the graceful contours of the Carillon Vessel sink, Dutchmaster stands as a bold statement in the bath.

# Kensho

Etched in natural stone, Kensho is a vibrant marriage of strength and beauty, Eastern motifs and Western artistic techniques. The sensuous curves of smooth carved stone reveal a patchwork of Japanese sashiko kimono patterns depicting organic elements such as waves, mountains, and bamboo. Inspired by a 15th-century Italian technique known as acquaforte, artisans etch textural patterns into the surface, creating a sense of movement across the stone. The etched patterns are then brought to life using a champagne-gold metallic finish. This labor-intensive handcrafted process, wrought on natural stone, makes each Kensho sink unique - and a stunning statement piece for the bath.

# Derring On Carillon Round Wading Pool sink, Bourbon Rutile K-17890-RL-RB2/RB3/K8

K-17889-RL-RB2/RB3/K8

Derring
On Carillon Rectangle Wading Pool sink, Bourbon Rutile
K-17916-RL-RB2/RB3/K8

# Derring

Inspired by studio pottery, the Derring collection celebrates the inherent beauty and authenticity of handcrafted ceramics. Each sink is a one-of-a-kind creation, finished with unique rutile and artisanal glazes that produce fascinating surface effects. A handcarved texture accentuates the subtle tonal variations. Featured in neutral hues, this sink can be the centerpiece of your bath, or it can serve as a unifying element that pulls everythingelse together.

Sartorial Paisley
In White on Carillon Round
Wading Pool sink
K-75748-FP1-0

The Sartorial collection pays homage to the refined elegance of 19th-century European textiles. Inspired by haberdashery fabrics, this herringbone pattern strikes a modern, geometric note, showcased beautifully on the Carillon Vessel sinks. Available in both rectangular and round shapes to offer more configuration options.

# Shagreen On Carillon Round Wading Pool sink, Oyster Pearl K-77714-SSP/TB2

**Shagreen**On Carillon Rectangle Wading Pool sink, Oyster Pearl
K-77716-SSP/TB2

Shagreen
On Caxton under-mount sink, Oyster Pearl
K-77635-SSP/TB2

# Shagreen

Inspired by oil spot glazes that originated in China, the Shagreen collection celebrates the subtle coloring and distinctive pebbled texture of natural shark and ray leather. A striking compliment to both Carillon® and Caxton® bathroom sinks, its rich glazed finish shows iridescent pearly tones and a gently granulated texture.

Oyster Pearl Ebony Pearl (SSP) (TB2)

Lilies Lore
Cast bronze under-mount sink
K-14297-MP1

# Lilies Lore

Lilies Lore is derived from the rich and highly stylized plant motifs of Art Nouveau. Breathing new life into an old-world material, this cast-bronze sink takes on a modern shape through an organic and intricate floral pattern. The grid drain is built into the basin surface, offering a seamless bowl with a continuous pattern. Over time, the patina will deepen to a warm brown finish to reflect the movement of water.

# **UNDER-MOUNT SINKS**

These sinks mount beneath the counter to create a seamless counter-to-sink transition. Sleek style and ease of cleaning give this installation type its appeal.

# BATHTUBS

As the place for restful relaxation or rejuvenating your mind and body, your bathing space should feel luxurious and comforting at once. Whether you're designing a new master suite or remodeling a guest bathroom, we can help you find the right combination of bath and faucet products to create a look and experience you love.

194 Free-Standing Bathtubs

198 Drop-in Bathtubs

201 Genuine Accessories

# **BATHS**

KOHLER® baths are designed to conform to your body, helping you relax with just the right hydrotherapy, as well as to delight the eye. Whether your bath is primarily for you or for bathing children and pets, it's important to carefully choose features that work best for you.

We offer a wide variety of sizes, colors, materials and installations to fit your bathing needs. Choose from signature KOHLER hydrotherapy options to outfit your bath with the healing benefits of water. With a wide assortment of styles ranging from classic to contemporary and everything in between, you're sure to find your perfect bath.

## **BATH GUIDE**

## **INSTALLATIONS**

#### Freestanding

This installation option is ideal when the bath is the focal point of the room. Typically accessible from all sides, the freestanding bath highlights the beauty of the design.

#### Alcove

An alcove is a recessed nook or area within a room. Designed for three-wall alcove installations, this installation option features unfinished exteriors and tile flanges on three sides.

Many of these fixtures include an integral apron to complete the design.

#### Under-Mount

Creating a clean, contemporary look, under-mount installation is perfect for designing a separate, personalized bathing space. The bath is mounted beneath your choice of deck material, such as tile, solid surface or natural stone.

#### Drop-In

Baths designed for drop-in installation have a self-rimming edge that rests on the deck material-such as tile or stone-that surrounds your whirlpool or bath.

#### Corner

Corner baths are usually five-sided, with a clover-shape bathing well, and designed to accommodate two bathers at once.

## **SIZES**

Our baths are available in a variety of standard sizes so you can find the right fit for both your space and your family's needs.

- Under 160 cm
- 160 cm
- 170 cm
- 175 cm
- 180 cm

## MATERIALS & COLORS

#### Acrylic

A strong, flex-resistant material, acrylic has a smooth finish that resists chipping and cracking and is easy to clean.

#### KOHLER. Enameled Cast Iron

No other material offers the character and craftsmanship of KOHLER enameled cast iron. Its rich finish and lasting presence make a bold statement.

**STRENGTH** KOHLER enameled cast iron baths are durable enough to stand up to daily use by the whole family.

STYLE Go bold with deep hues or be subtle with pale tones.

**SOUL** Made In Kohler, Wisconsin, our cast iron baths embody over 140 years of Kohler craftsmanship.

#### Lithocast.

Our strong cast resin material allows for geometries with dynamic style that are hand-finished to create crisp detail that is full of character. Lithocast Matte has modern designs with a finish with a finish that captures the beauty of real stone. The new Lithocast Gloss has a full spectrum of designs that are lighter weight than Lithocast matte baths and have an easy-to-clean gloss finish.

## FREE-STANDING BATHS

This installation option is ideal when the bath is the focal point of the room. Typically accessible from all sides, the freestanding bath highlights the beauty of the design.

#### **Comfortable Fit**

• With backrest angles ranging from 37° to 65°, comfortable baths are ergonomically designed for a variety of preferences. Featuring a contoured silhouette and spacious interior, these exquisitely crafted masterpieces allow you to lounge comfortably at a perfect soaking depth.

#### **Personalized Space**

- Available in multiple sizes (1.3m/1.7m/1.8m), installation options (drop-in, free-standing), and bath types (regular bath/ BubbleMassage bath).
- The 1.3 m freestanding bath fits perfectly into smaller bathroom spaces without sacrificing comfort and aesthetics.

#### **Human-Friendly Accessories**

- Soft-textured, adjustable bath pillow adapts seamlessly to the curvature of your neck
- Pliable grip rails eliminate sharp edges and potential risk of injuries

# FAUCETS COLLECTION

Our faucets and accessories allow you to design bathrooms that are tailored expressions of your personal style. It's simply a matter of settling on a design and finish that's right for you and choosing the components you'll need. We've done the rest of the legwork for you.

We take the extra time to precision-engineer each element of every faucet, from design to manufacture. To ensure Kohler quality, our faucets are hand-inspected and tested well beyond the industry's most rigorous standards.

## FAUCET GUIDE

## **FAUCET FAMILIES**

Our faucet collections let you coordinate your entire bathroom with the same style and finish. From a range of sink faucet configurations to showering components and decorative accessories, our collections have the whole space covered.

## **CONFIGURATIONS**

#### Single-Handle Faucets

- Control water volume and temperature with a single handle
- Designed for sinks with a single hole
- Suitable for sinks with three holes when used with an escutcheon plate

#### Centerset Faucets

- The spout and handles make up one connected piece
- Compact and space-efficient design is ideal for small spaces
- Fit sinks with three faucet holes that measure 10 cm from one side to the other

#### Widespread Faucets

- A great addition to larger vanity areas and pedestal sinks
- Feature UltraGlide® valves with dry stem technology to prevent leaks
- Require three faucet holes that measure 20 to 40 cm from one side to the other

#### Vessel Faucets

- Known as Tall or Tower models
- Designed to accommodate KOHLER<sub>®</sub> Vessel and Wading Pool<sub>®</sub> above-counter sinks

#### Wall-Mount Faucets

- Mounted on the wall behind the sink
- Ideal for above-counter, wall-mount and under-mount sinks
- Helps keep the countertops clear

## **ACCESSORIES**

#### Decorative Accessories

- Includes towel bars, robe hooks, towel rings, toilet paper holders and more
- Line- and finish-matched to faucet collections

#### Lighting

- Task lighting helps illuminate daily routines
- Single, double or triple sconces are available to put the finishing touch on your design
- Available in finishes to match your faucets

#### Cabinet Hardware

- Cabinet knobs and drawer pulls that coordinate with your style
- Available in finishes to match your faucets

#### Grab Bars

- Available in a range of sizes, from 23 to 123 cm, to fit your space
- Provide extra support where you need it

## WARRANTY

We combine stunning design with steadfast performance to create KOHLER® bathroom faucets. As tough as they are beautiful, they're leak-free and on-task, standing up to twice the industry standard. Choose a KOHLER faucet and count on a lifetime of practical beauty. Visit KOHLER.com/Warranty for full warranty details.

## Ceramic disc valves European imported valves with extraordinary quality Solid ceramic material ensures durable performance Passed 1,000,000 times life cycle test without leakage\* Smooth cartridge design brings silky experience \*Kohler Internal testing numbers for reference Innovative material and technology PVD coating offers more than 10 choices of finishes. Strayt collection offers a unique blend of both Western and Chinese style. Decorative collection applies unusual material to express the purity of water. DPR DPW GCH ACH Diane Azurite

### Finish with confidence

Vibrant finishes, passed more than 48 hours acid salt spray test, exceeds industry standard of 24 hours.

Easy-to-clean coating with unusual finish technology.

### Multiple choices of aerators

7 degree adjustable aerator helps to reduce splashing; silicon material brings easy cleaning experience.

Auto-clean aerator automatically removes the scales to ensure a more smooth water flow.

Easy-to-change aerator, able to be changed simply with a coin.

Eco flow aerator provides larger water coverage, meets the water-saving standard.\*

\*Water saving standard <0.1L/S

## **ARTIFACTS**

Timeless and classic in its inspiration, Artifacts faucets combine quality craftsmanship with artisan designs to lend character and authenticity to your space - as a finishing touch or the central piece to build the room around. This Victorian-inspired bathroom sink spout features an elegant column design.

# **COMPONENTS**

### Designed to be designed.

Components is a full collection for the contemporary bathroom. The collection invites you to design your own signature look by combining a faucet spout with your style of handles. The different spout and handle combinations within this curated collection allow you to bring a touch of your personality into the room. Once you have found a style that speaks to your taste, select your finish and bring the entire room together with Components showering designs and accessories.

With different combinations creating distinct looks, Components is a versatile collection that was designed to be designed. By you.

## Choose your spout

Every spout within the Components collection features minimalist modern lines. This creates a bold silhouette for a striking design statement in any bathroom. Both the Row and Tube spouts feature laminar flow for less splash and a more natural movement to the water stream. Combine a spout with any set of handles to create the look you want.

### Choose your handle

Each handle within the Components collection delivers precise water flow and temperature control. Every actuation is intuitive and effortless. Combine a set of handles with any spout for a quintessentially modern look.

### Choose your finish

Put the finishing touch on your design. Additional finishes for the Components collections are also available in our Finish to Order program. Visit your closest KOHLER showroom to learn more about our Finish to Order Program.

# SHOWERING

At Kohler, we believe a shower should transform you and make the journey of your day more meaningful and memorable.

A shower can be the place you ease into the day's rhythm or wind down from the rush; a break from the craziness. It can be where you focus on you, or a space to reconnect. It can be a place to shift gears and experience water in a way that makes a difference.

As a one-stop showering shop, Kohler has everything you need to create an extraordinary showering space. Whether you're simply replacing a showerhead, remodeling an outdated space or building your dream home, we have it all. While we believe a shower can be many things, it should never be ordinary. When you step into a KOHLER® shower, the only question is, where do you want to go?

302	Real Rain
306	Digital Thermostatic Showering System
312	Shower Columns
314	Trims and Valves
320	Body Sprays
322	Rainheads
326	Showerheads
328	Handshowers
332	Showering Components

## **COMPONENTS GUIDE**

## **SHOWERING COMPONENTS**

We offer solutions from floor to ceiling—showerheads, handshowers, rainheads and body sprays—all optimally designed to give you the best experience, water pressure and water usage for your task. Find one that's right for you or combine multiple components for a personalized experience.

## Showerheads

PRIMARY TARGET Head, shoulders, back and face FUNCTION Single and multifunction BEST FOR Rinsing hair and general cleaning REQUIRED Showerarm (shown)

## Rainheads

PRIMARY TARGET Whole body FUNCTION Single BEST FOR Relaxing, spa-like experience REQUIRED Showerarm (shown)

## **Body Sprays**

PRIMARY TARGET Shoulders, back or feet
FUNCTION Single
BEST FOR Relieving sore muscles with a hydromassage

## Handshowers

PRIMARY TARGET Whole body

FUNCTION Single and multifunction

BEST FOR Rinsing off kids, bathing pets and cleaning the space

RECOMMENDED Slidebar, supply elbow, wall bracket

REQUIRED Showerhose

## Slidebars

Allow you to adjust the height of handshower for individual users

## **Slidebar With Integrated Supply Elbow**

Reduce the number of components on the wall and creates a simple, streamlined look

60" or 72" lengths—hose length depends on the task at hand and size of the shower

Ribbon, smooth or metal material—ribbon hoses are light and quiet; smooth hoses wipe clean with ease; and metal hoses are premium and long-lasting

## **Wall Brackets With Supply Elbow**

Allow handshower to be used in larger showering environments, providing both the water supply and a bracket

## **Supply Elbows**

Provide water supply; use with slidebar on one side and bracket on the other

## **Wall Brackets**

Hold handshower in fixed position

## Katalyst air-induction technology

Inducting up to 50% air from the top of your showering products, effectively saves water by 50%\*

\* Kohler internal test for reference

## Optimized nozzle design

Scientifically designed nozzle allocation with optimized water coverage and comfort to ensure the best showering experience.

1.3mm nozzle brings bigger water drops with less water by mixing in air

## Advanced internal structure

Upgraded waterway distribution ensures better mixing of water and air, reducing residual water More robust structure by adding hidden screws and reducing exposed ones on the back plate

## Non-dripping design

Apart from internal structure, self-levelling technology is also applied on showerheads to reduce residual water

## **COMPONENTS GUIDE**

## **SOLUTIONS**

Keep life simple by choosing easy upgrades or prepackaged showering solutions rather than undergoing a major remodel or piecing your components together separately.

## $HydroRail_{@}$

HydroRail shower columns turn your shower into a spalike retreat without having to go behind the wall to reroute plumbing or change out the valve. The column mounts to existing plumbing. This means you simply remove the old showerarm and replace it with the HydroRail shower column to create a custom shower experience.

## Showering Kits

Simplify your design process by choosing from our showering kits. With complementary components in a variety of finishes, each kit is ready to go.

### **Handshower Kits**

These kits include coordinated handshowers, slidebars and hoses.

## HydroRail Kits (Shown)

Our HydroRail kits combine a HydroRail shower column with either a showerhead and handshower or rainhead and handshower.

### **Essentials Kits**

Complete solutions, these kits include multifunction showerheads and handshowers, showerarms with diverters, slidebars and line-matched manual valve trim.

Valves sold separately

## Trim Kits

## Bath/Shower (Shown)

Bath/shower trim kits include a showerhead, showerarm, manual valve trim and bath spout. Valve sold separately.

## Shower

Shower trim kits include a showerhead, showerarm and manual valve trim. Valve sold separately.

## TRIM OPTIONS

Manual or digital, our shower trim options help deliver precise control of your showering experiences. KOHLER<sub>®</sub> trim comes in a number of styles and finishes to help you design a showering space that is polished and elegant.

## Manual

#### Trim

Trim for manual volume and temperature controls coordinate with our faucet designs and finishes. Choose pressure-balancing or thermostatic trim options to coordinate with your valve.

## Digital

## **DTV Prompt**®

The DTV Prompt interface features a large, easy-to-read display and intuitive push-button control system, operating up to three different outlets.

## DTV+™

This simple touch-screen interface controls every element of your multisensory DTV+ showering experience—water, steam, music and lighting.

## VALVES GUIDE

Engineered to ensure every showerhead, rainhead, handshower and body spray performs at its best, our valves have what it takes to meet the innovative functionality and exacting standards of today's custom showers. Create your ideal showering experience, and we'll help you choose the valve to power it.

## PRESSURE-BALANCING VALVES

- All-in-one solutions that let you turn the shower on and off, as well as control water temperature, all with one handle
- Typically used in more basic applications like a traditional bath and shower
- Transfer and diverter valve options allow you to expand the number of outlets you can control
- High-flow pressure-balancing valves are available for a faster bath fill or custom shower application
- Rite-Temp universal valve is fully compatible with all existing Rite-Temp trim

**BEST FOR** Basic bath/shower and shower configurations **FLOW RATES** 19 lpm up to 50 lpm

## THERMOSTATIC VALVES

## Manual

- Takes a basic shower to the next level
- Set the temperature once and the valve automatically maintains it
- Perfect for all applications from a basic bath/shower to more elaborate custom showers
- Add separate volume control valves to adjust the flow of each outlet—showerheads, handshowers, body sprays
- Transfer or diverter valves allow you to operate multiple outlets with one volume control

**BEST FOR** Bath/shower and shower configurations with multiple outlets

FLOW RATES 40 lpm up to 64 lpm

## Digital

- The ultimate in clean design, functionality, performance and convenience
- Comprised of a digital thermostatic valve and an intuitive, easy-to-operate digital interface
- Can be used with basic or custom shower systems with options for music, lighting, steam and spa experiences

**BEST FOR** All bath/shower and shower configurations **FLOW RATES** 50 lpm up to 159 lpm

## DIGITAL VALVES

## Why Go Digital?

## **Precision**

Digital showers let you select and set the precise water temperature. With built-in features—user presets, warm up, pause and timer—you can create your perfect showering experience.

#### Contro

With a digital system, multiple valve trims on the wall are replaced by a single easy-to-use digital interface. Add a second interface outside the showering space to activate and warm up your shower.

## Customization

A digital shower system can be used for a single outlet or a fully customized showering retreat. DTV+<sup>TM</sup> lets you go even further by incorporating lighting, music, steam and spa experiences.

## $DTVPrompt_{@}$

DTV Prompt is our entry-level digital showering system with a choice of push-button interfaces to control either two or three outlets.

With a maximum flow of 49 lpm (30 lpm maximum flow from a single outlet), DTV Prompt is a perfect solution for multiple outlet systems such as showerhead, handshower and rainhead.

## $DTV_{+}$

Our most advanced digital showering system, DTV+ gives you the ability to control water, light, sound and steam with a touch-screen interface, for a true multisensory showering experience.

### Water

DTV+ works with one or two valves. Choose from two-, three- or six-outlet valves to create your spa-like experience.

### Music

Add a KOHLER® Amplifier and SoundTile® speakers to introduce music into any showering experience. Amp yourself up for the day or unwind from the daily grind with your favorite playlist.

### Steam

Add a steam adapter and steam generator to bask in the rejuvenating embrace of a soothing steam experience.

## Lighting

Add lighting elements to control every aspect of the entire room's ambience. It will set the mood for your very own spa retreat.

## Precise Temperature Control

Parafin Valve brings immediate reaction to cold and hot inlet water change, protests against water temperature fluctuations at 0.4°C within 0.2 seconds\*

\* Kohler internal test for reference

## Maximum Temperature Limit

Automatically restricts water outlet to prevent scald under extreme situations

## **Premium Material**

Imported thermostatic valves passed 1,000,000 life cycle test\*. Life long warranty under normal condition.

\* Kohler internal test for reference

# **REAL RAIN**

Stand beneath the Real Rain showerhead and let the first few drops of a soft summer rain fall across your shoulders. Look up. Breathe. Let your mind's rhythm slow as the rainfall builds. Feel your body relax into the warmth. And let nature, in all its ordered randomness, rain over you.

Define your own showering experience with multiple temperature setting and up to 12 ways outlets by controlling two digital valves

12 modes of SPA for your incomparable choice: Sleep, improve, comfort, renerve... depends on your settings on time, position and temperature

# **SHOWER COLUMNS**

Mounted to existing plumbing, a KOHLER shower column turns your shower into a spa-like retreat without needing to go behind the wall to reroute plumbing or change out the valve. Pair your shower column with compatible showerhead or rainhead and handshower from a wide array for a signature KOHLER experience.

## KITCHEN FAUCETS AND SINKS

The design of a faucet intended for a hectic kitchen space must give primary consideration to practical use. Close cooperation between designer and engineer guarantees not only the reliability and safety of KOHLER faucet materials and craftsmanship, but also offers easy operation and cleaning. Practical concerns aside, a kitchen faucet should also add just the right eye-catching touch to highlight your smart but trendy kitchen.

379 Kitchen Faucets

381 Kitchen Sinks

#### Effortless Control

#### Flexibility and Durability

Flexible hose and pullout spout rotate freely to get to every corner of your sink without leakage.

#### Magnetic Docking

The Gonzalez sensor faucet uses the DockNetik™ system with internal magnets for quick, exact and convenient placement of the faucet head.

DockNetik...

#### Hands-Free Operation

KOHLER touchless kitchen faucets free your hands so you can speed through cooking and cleanup tasks while enjoying a cleaner, more hygienic kitchen environment. The faucet's intuitive Responset technology is in tune with your every move: a simple wave of your hand — or an object such as a pan or utensil — turns it on or off. The sensor is precision-designed to provide quick response and reliable operation every time when you're working in the sink area.

# PLANNING

386 Designing a bathroom to fit your life

# PLANNING your space.

#### Designing the Look

Create a bathroom or powder room that captures not only the look you're after but the emotional experience you want to create for yourself and your guests as well.

#### 142 Exploring Color, Finish and Material

What are the combinations of color and finishes, materials and textures that attract you? And which of these will work together to achieve your style of choice?

#### 146 Collections

Do you enjoy finding individual pieces to create a unique collection or do you prefer collections ready-made by experts who understand the nuances of design? Explore our collections for whole-room solutions.

#### Designing the Experience

At Kohler, we design the functionality of our products to not only bring a great sense of comfort and ease to your daily routines but also to deliver unique and personalized experiences that delight.

#### 148 Wired for Experience

As with many other facets of life, technology is changing how we think about and use the bathroom. It can change the focus of your space from everyday tasks to health and well-being.

#### 151 Universal Design

Being smart about the future is as important in design as it is in life. We can help you create a bathroom that will meet you and your family's needs today and tomorrow.

#### 152 Everything in Its Place

The number and location of organized storage options in your bathroom can be the difference between a frantic and a calm morning. We give you plenty of options across the bathroom.

### GENERAL TERMS OF SALE

01/01/2016

#### 1 - GENERAL

Placing an order implies full acceptance of these general terms of sale. Any exceptions or special conditions of sale must be covered by a written agreement from the Company and, unless otherwise stipulated, are valid only for the sale for which they were granted.

The terms of sale herein may be waived in the event the Company responds to a public or private tender.

These general terms of sale prevail over provisions otherwise stipulated in documents issued by the buyer, regardless of when the Company becomes aware of such provisions. Any reservations or changes appearing on the purchase order will not be valid against the Company, even in the absence of special indications on the acknowledgment of receipt, unless the Company has given its express agreement. The fact that the Company fails to require strict adherence to terms of sale at a given moment does not mean that it shall not do so subsequently.

The Company may furnish studies and/or recommendations at the customer's request, but they are provided only as an indication. The Company can in no way be held responsible for said studies or recommendations. It is up to the customer to verify them on its own responsibility and check the applicability of each particular case.

#### 2 - ORDERS

The sale is not complete until the Company accepts the order in writing and sends an acknowledgement of receipt. Acceptance is subject to the absence of "abnormal requests" as well as compliance with the terms governing outstanding balances defined by the Company based on credit information received.

Acceptance may also be subject to the application of special payment conditions and/ or the submission of appropriate guaranties, especially if the buyer does not have sufficient financial cover or if payment incidents have occurred.

Except where prior written agreement is given by the Company, requests to cancel or modify an order cannot be accepted once the products have been manufactured. If necessary, the Company's acceptance to modify an order may be subject to an increase in price and an extension in delivery time.

#### 3 - DELIVERY

Dimensions, weights and measurements figuring in the brochures and catalogues are provided only as an indication and cannot be guaranteed.

The Company reserves the right, at any time, to make modifications it deems useful to its products, with no obligation to apply said

modifications to products figuring on an outstanding order. The Company can also be brought to terminate, with no advance notice, models presented in its brochures or catalogues. No compensation shall be due by the Company in case of product modification or termination.

Delivery is made according to availability and the chronology of the orders received. Deliveries may be global or partial.

Delivery dates are approximate. Deliveries made after the indicated delivery date will not be subject to compensation and will not be justification for order cancellation unless the delay exceeds 30 days and is not justified by circumstances beyond the Company's control (force majeure, unforeseen event, war, act of terrorism, fire, strike, accident, delay due to the seller's suppliers or to carriers).

In any event, the delivery shall only take place if the buyer's obligations to the Company are up to date, regardless of the cause.

Transfer of risks passes once the sale is perfect. Consequently, all shipping, handling and unloading operations are at the addressee's risk, including for merchandise with transport prepaid or free transport and notwithstanding the clause concerning reserve of title and regardless of the type of carriage used. It is therefore the buyer's responsibility to inspect the merchandise upon receipt and indicate any reservations, as needed, and to exercise all recourse, as applicable, in the manner described below.

Any claims (damages or missing items) must be mentioned on the packing slip or shipping receipt and must be confirmed by registered letter sent to the Company if delivery was made by the Company's own vehicle, or to the carrier with a copy sent to the Company if the delivery was made by a third-party carrier.

Confirmation must be made within a maximum of three days from receipt of the merchandise and in any event prior to installation thereof.

Delivery is made on a working day by direct delivery of the merchandise to the customer, by a notice advising that the merchandise is available for pick-up, or by delivery of the merchandise to a shipper or carrier. The Company cannot guarantee a specific day or time. It is assumed that merchandise with free transport shall be delivered to the normal residence of the buyer.

Should delivery be postponed or cancelled at the buyer's request, the Company reserves the right to dispose of the merchandise within one month of the scheduled date of delivery. Any sums already paid will not be returned.

#### 4 - ACCEPTANCE - RETURNS

Without prejudice to arrangements to be made with the shipper claims for apparent defects or for products which are not conform to the product ordered or to the shipping note, must be made in writing and duly justified within 15 days after product delivery.

No defect caused by the buyer (specifically improper care or handling) can be imputed to the Company.

In case of an apparent defect or nonconform products, the buyer may obtain a free replacement or reimbursement for the product, as the Company chooses. No claim shall authorize payments to be differed or suspended.

No merchandise may be returned to the Company without its written consent and its re-shipment instructions. Any product returned without the express consent from the Company shall be held at the disposition of the buyer and shall not result in the issue of a credit. Except with written consent to the contrary, return risks and expenses shall be borne by the buyer.

#### **5 - PRICES - PAYMENT TERMS**

The prices and information given in catalogues and leaflets are provided only as an indication and carry no commitment over time. They are subject to change without prior notice based on changes in the economy. Written offers issued by the Company are valid for fifteen (15) days only.

Except with arrangements to the contrary applicable to certain customer categories, payment terms, based on standard commercial practice are 45 days, end of month, from the date of the invoice, with no discount.

However, the Company reserves the right to require immediate payment if special circumstances so dictate. No credit terms will be accorded, particularly not to occasional customers who have no account with the Company. The Company reserves the right, at any time depending on the risks involved, to set a credit ceiling for each buyer and, if necessary, to terminate previously agreed upon payment terms or require special guaranties.

Products requiring special production (nonreferenced products) will require a 30% deposit with the order. Such products cannot be exchanged or returned.

In the event of payment by drafts subject to the buyer's acceptance, the buyer is required to return the drafts within eight (8) calendar days of receipt. Promissory notes and bills of exchange must be sent to the Company within eight (8) calendar days of receipt of the statement of invoices. Full payment of the amounts due shall be required immediately for

failure to return any of these documents.

Payment dates may not be postponed or compensated for any reason, even in the event of a claim, under penalty specifically of suspension by the Company of all outstanding orders. Failure to make payment at due date of a single bill of exchange or a single invoice will result in the requirement of immediate payment, automatically and without prior notice, of all the buyer's liabilities with the Company, including those not yet due and may lead to the cancellation of previously granted discounts and rebates.

Any extension of due date, with or without the Company's consent, will result in late interest charged to the customer at the base bank rate plus eight (8) points, as pursuant to statutory provisions. These charges shall be due with no additional notice.

In addition, all expenses associated with late payment, specifically expenses for collections and legal fees, are charged to the defaulting customer. However in lieu of these expenses, the Company reserves the option of applying to the defaulting customer a penal clause equal to 15% of the amounts unpaid.

In case the buyer fails to fulfil its obligations totally or partially, and if there is no response to a final notice after forty-eight (48) hours, the sale shall be cancelled automatically if the Company sees fit. The Company may urgently ask that the products in question be returned, without prejudice to all other damages.

The cancellation shall affect the order in question in addition to all other prior unpaid orders, whether or not they have been delivered, and whether or not payment is due. In the event the sale is cancelled, the Company shall retain all deposits.

#### 6 - WARRANTY

To benefit from the Company contractual warranty, the new or old installations into which the products are incorporated must be carried out by qualified professionals, in accordance with installation code in effect, the standards of good workmanship and the recommendations which appear in our literature.

Products manufactured from natural materials, such as wood, marble and stone, may feature different shades of colour or veins. These effects (shells, geodes, strata, glass, marks) cannot be considered flaws or justify refusal or a deduction in price.

Marble can be reworked or consolidated according to the standards of good workmanship using filler, facing or clips.

A contractual warranty applies to the Company products as follows:

Enameled cast iron and vitreous: 10 years, except fireclay: 5 years.

Stainless steel: 10 years.

Composite materials – baths, vanity basins and shower trays: 10 years, except special warranties applicable to certain product categories.

Kitchen sinks and vanity tops: 5 years.

Faucets: 5 years, except commercial faucets = 1 year.

Faucet finishes: PVD = 10 years, chrome = 5 years, other = 1 year.

Bath cabinets: 5 years. Glass parts (mirrors, shelves) or methacrylate parts are not covered in warranty.

Spa systems: 5 years (acrylic shell) and 1 year (equipment).

Tonus+, Energy+, Serenity+ whirlpool systems: 2 years, parts and service. Sōk, Riverbath: 2 years, parts and service. Bath screens, shower enclosures: 2 years except Minima and Indigo: 10 years. Shower modules: 1 year. Other multifunction shower units: 1 year. Exceptions: surface treatment and special treatments other than chrome for components, accessories such as handshower hoses, handshowers and brackets, cistern fittings, built-in cisterns, seats and covers, drains, baskets, cutting boards, disposals, soap dispensers, bath handgrips, bath pillows, Tellieur wooden surround, etc., and faucets and installation accessories for institutional products: 1 year.

These warranty periods run from the date the sale is concluded by the Company.

The contractual warranty does not cover defects known to the buyer at the time of purchase or defects which are visible with the naked eye. Nor does it cover the consequences of improper storage conditions; normal wear; non-compliance with assembly instructions (e.g., improper installations or connections. abnormal stress, lack of watertight washers, use of unsuitable light bulbs) or care instructions lubrication, changing washers or valves, purging); use of cleaning products or other unsuitable products (corrosive or abrasive products, solvents, lime removers, or grease removers containing phosphoric acid, hydrofluoric acid or hydrochloric acid); scratches, prints, chips or burns occurring after assembly; accidents or impact (e.g., fallen objects), damage caused by water action or quality of water (hard water, scale buildup, corrosion); frozen pipes; leaks in supply or discharge pipes; insufficient ventilation or abnormal heat source; or deterioration resulting from foreign matter (sand, filings, etc.). It is important for the buyer to consult the assembly and maintenance instructions relating to each product category in question. The warranty shall not apply to products used previously for photo sessions or presented in showrooms, exhibits, trade fairs or other commercial events.

In order to benefit from a contractual warranty, the buyer must advise the Company of any defect within one month of the day on which the defect occurred. If the defect is apparent,

the claim must be sent to the Company in writing within 15 days of receipt and in any event prior to installation or assembly.

The Company warranty is strictly limited to replacement from its factories of the part which has been recognized as defective or, if this is impossible, replacement with a part intended for the same use. Under no circumstances can a claim be made for labour, travel time, damages, or any compensation or penalty of any kind (for depravation of use, indirect prejudice, etc.).

The repair, modification or replacement of parts during the period of warranty does not extend the warranty. The warranty is conditional upon the customer meeting the payment terms.

This contractual warranty does not exclude the legal warranty for concealed defects provided for by Articles 1641 et seq. of the Civil Code.

## 7 - OWNERSHIP THE COMPANY SHALL MAINTAIN OWNERSHIP OF MERCHANDISE DELIVERED UNTIL PAYMENT IN FULL OF THE PRINCIPAL, EXPENSES AND INCIDENTALS, AND EVENTUALLY CHARGES.

The buyer shall ensure that products can always be identified as long as merchandise has not been paid in full. Merchandise remaining in stock shall be considered unpaid.

Failure to meet any payment date may result in a claim on the goods.

These arrangements shall not hinder the transfer to the buyer of the risks of loss or deterioration of goods sold, and the damages they could cause, as soon as the sale is complete.

Within the framework of its normal activity, the buyer is authorized to resell the merchandise, but cannot offer said merchandise as security. In case of resale, it shall immediately notify the Company, so that the latter can assert its rights regarding prices as regards the subsequent buyer. The authorization to resell is automatically withdrawn in the event of receivership or liquidation proceedings.

#### 8 - JURISDICTION

A suit or dispute of any kind related specifically to the constitution or execution of the order shall be submitted solely to the Commercial Court within the jurisdiction of the Company headquarters, unless the Company decides to refer to another competent court.

Since 1873<sub>™</sub>
