

MasterShower

2- or 3-way Transfer Valve

K-737-K-NA

Description

The Master Shower transfer valve brings a new level of innovation and flexibility as a custom shower solution. When paired with compatible trim, its three-way design allows control of up to three separate components to six different outputs and can also easily be configured as a two-way transfer valve.

Model	K-737-K-NA
Connection Type	One 3/4" female NPT inlet connection, Three 1/2" female NPT outlet connections
Number of Outlets	2 or 3 way Max number of outlets 1
Installation type	Wall Mount
Dimensions	Width 86 mm, Height 92 mm
Features	<ul style="list-style-type: none"> - Components/outlets can only be operated individually. - Requires transfer/diverter valve trim (sold separately) - Using 1 outlet: 18 gpm flow rate at 45 psi
