

Rite-Temp®

Pressure Balancing Valve 3/4"

K-2971-KS-NA

Description

This Rite-Temp pressure-balancing valve works behind the scenes to prevent scalding and thermal shock for optimal comfort. Additionally, the unit features a diaphragm design that virtually eliminates freeze-ups from contamination and water debris. When paired with compatible trim, this valve delivers a high-temperature limit stop and an optimal comfort zone, so you can set a maximum high and then find and maintain your desired water temperature.

Model	K-2971-KS-NA
Connection Type	3/4-inch NPT connections
Installation type	Wall Mount
Dimensions	W 203, H 152 mm
Features	<ul style="list-style-type: none"> - Pressure-balance diaphragm technology provides reliable anti scald protection and maintains mixed water temperature within +/- 3 degrees Fahrenheit. - Integral shut-off valve stops. - Adjustable high-temperature limit-stop to control maximum temperature.
